TAKE ACTION - Help PCRA Request the Elimination of the In-Person Requirement!

At the onset of the COVID-19 pandemic, Pennsylvania Court Reporters Association (PCRA) leadership successfully worked with state legislators to suspend the requirement for physical presence of notaries who are court reporters/stenographers participating in criminal, civil, and administrative proceedings of record in Pennsylvania. However, the suspension of this requirement is temporary, and will only last for the duration of the declared disaster emergency.

PCRA believes that the in-person requirement should be permanently eliminated, as has already been done in several other states. Show your support for our position that legal proceedings should be able to be held with the use of available technology!

Sign the petition at www.change.org/o/pennsylvania-court-reporters-association

Sincerely,

PCRA Board of Directors
